Camp Descriptions

Each camp includes time for stories, music, crafts & outdoor play. July and August camps include pool time at the WWC wading pool.

June 12-16 Amazing Artists

This week we will explore techniques of well-known artists and make our very own mini-masterpieces! Our art projects will include painting, photography, sculpture and mosaics.

June 19-23 Spectacular Science

All our favorite science experiments crammed into one week! We will explore how and why things work as we build volcanoes, launch soda pop rockets, fly airplanes, make flubber, goo and more!

June 26-30 Kids Cuisine

Our chefs will learn to prepare snacks and treats from many different countries as well as learn about good nutrition and making healthy choices.

July 10-14 Around the World (pool time)

This is a whirlwind trip around the world as children “visit” a different country each day. Children will learn songs, stories and games and make arts and crafts from countries all around the world.

July 17-21 Dinosaur Adventures (pool time)

Kids can become paleontologists as they learn about the different dinosaurs and the time in which they lived. Enjoy dinosaur crafts, games, adventures, and go on a “dinosaur dig” to uncover their very own fossils

July 24-28 Wild Safari (pool time)

Our little explorers will travel the world on a “wild” adventure as they learn about animals from the jungles, the rainforests, forests, arctic and Australia.

July 31 – August 4 Pirates and Mermaids (pool time)

Yo Ho maties! Make a galleon to sail the high seas, learn how to speak “pirate”, go on a treasure hunt and explore a kingdom under the sea!

August 7-11 Splash Camp (pool time)

All of the children’s favorite activities along with lots of splashy water fun wrapped up in a farewell to summer.
